

**GeoEye**  
**Private Remote Sensing System License Summary**

On June 17, 2003 the National Environmental Satellite, Data and Information Service of the National Oceanic and Atmospheric Administration, and agency of the Department of Commerce, granted a license to ORBIMAGE Inc. d/b/a/ GeoEye to operate a private, commercial, space-based, remote sensing system named OrbView-2.

OrbView-2 provides 1-km multispectral imagery that primarily supports the SeaStar Fisheries Information Service. In addition, it is used for environmental monitoring purposes and naval operations.
